

SHCJ/ Holy Child Service Projects

"The Society of the Holy Child Jesus - Changing Lives through education and service."

Goals for the school of the Holy Child heed Cornelia Connelly's admonition to provide an education which "meets the wants of the age."

Goal 4

Holy Child Schools work for Christian principles of justice, peace, and compassion in every facet of life.

We emphasize the dignity and interdependence of all peoples across boundaries of geography, age, sex, race, nationality, culture and creed. Holy Child students take ownership of these principles and devise ways to put them into action.

Students can learn about the collaborative educational ministries and well as the sponsored ministries. Through classes or campus ministry students can educate the school community about these ministries. Responding to the call to justice, students can plan projects to support these ministries.
